SPECIFICATIONS			
Model Number	Amperage	Min Circuit Ampacity	Shipping Weight
DM-180A	1.5A	15A	240 lbs.

The unique curved shape of Hoshizaki Crescent Cube ice allows liquid to flow over it more easily whether pouring from bottles or dispensers, so there is less waste and no messy splashing. The crystal clear cube also has excellent displacement qualities because of the unique shape.

We reserve the right to change specifications without notice.
